E-GOVERNANCE POLICY

E-governance or Electronic Governance is the application of information & communication technologies to transform the efficiency, effectiveness, transparency and accountability of informational & transactional exchanges within the college and other agencies to empower the stakeholders through access & use of information. It is both governance of that environment and governance within that environment, using electronic tools.

Dr. Samuel George Institute of Engineering & Technology has designed E-governance Policy, with primary objective of implementing E-governance in various interactions and services of the institution. This policy will help in achieving efficiency in all the various operations of the instructions in an integrated manner in order to enable transparency Clarity in different functionalities of the instructions pertaining to administration, website, student admissions, Examinations, Finance-accounting, library, and Learning management systems.

Various vendors are identified and called for demonstration and on the basis of recommendation by the concerned authorities and direction the vendors for NOAH CREATIVES and CMS site development and maintenance, SMS services. Digital Marketing partners are shortlisted and procured the necessary support to promote and practice e-governance. We have integrated, user friendly NOAH CREATIVES and CMS solutions to automate various modules of institutional functioning, the adequate training to all the staff for effective use is also planned.

Scope:

The College implements e-governance in all aspects of functioning like library, admissions, administration, examination, Accounts and finance etc. The policy is designed and framed to make each and every function transparent and accountable.

The scope of this policy extends to the following areas

1. General Administration
2. Website
3. Student Admission
4. Examination
5. Library
6. Accounts and Finance
7. Learning Management Systems (LMS)

Objectives:

Implementation of E-governance, in all functioning of the institution in order to provide simpler and efficient system of governance within the institution.

To achieve efficiency in the administration

To facilitate online internal and external communication between various entities of the University.
