Respected sir,

Sub:SGIT Markapur Civil Department-To visit NSRSP-Request for permissions for Civil
Engineering Students -Reg

Warm greetings from Dr Samuel George Institute of Engineering and Technology, Markapur.

Dr. Samuel George Institute of Engineering and Technology, Markapur was established in 1997, the first Engineering College in Prakasam Dt, in a Sprawling atmosphere of 56 Acres of lands a serene surrounding at Markapur Town. In fact, it was started when 38 colleges were in Andhra Pradesh, with a mission to serve the society by imparting the value based technology and empowerment through quality education to the rural areas, and it is still surviving and moving steady fast among 350 colleges. On top of it, it has well equipped laboratories and full functional Computer centre with 100 Mbps internet facility & sufficient qualified faculty holding PhD's in fulfilling the real needs of the students.

The college offers Courses **PG**: M.TECH (Thermal Engineering), M.TECH (Power Electronics), M.TECH (CSE), & M TECH (DECE) **UG** : CIVIL, ME, EEE, ECE, CSE, AI & ML & **Diploma** : DECE, DME, DEEE, DCE & DCME. ITI: Fitter, Plumber, Electrician & Draughtsman Civil

Dam Visit will help the students in enhancing their practical knowledge and onsite visit will boost up the skill set which intern augment theoretical Knowledge. I shall be glad if you kindly permit our Civil Engineering students along with our faculty members to visit the dam on 13 th August 2018 for the kind act of which I shall be ever grateful to you sir.

Thanking you

Yours faithfully

Dated: 13.08.2018

Sir

Sub NSRS Srisilam Project – Dam Visit – Request for permission to visit
NSRS Srisailam Dam on 13th August 2018 – Regarding.
Ref Your letter dated 11.08.2018

With reference to the letter cited, it is hereby permitted to visit NSRS Srisailam Dam on 13th of August 2018 to the Civil Engineering students of Dr Samuel George Institute of Engineering and Technology along with faculty, Markapur on the After Noon secession only.

Subject to the following conditions:-

1. The permission accorded subject to alteration/cancellation according to the exigency in the Dam, but can't be allowed/postponed on your request.
 2. Strict discipline shall be observed, subject to security/other checks.
 3. The members permitted shall display their identity to the security authorities/Officials of the dam.
 4. If any damages/loss occur to the Government property by your students/staff, they have to be borne by your institution only.
 5. The members permitted shall abide by the rules and regulations of the security and dam officials during the visit of the dam.
 6. The total students allowed at one time may be limited to 40 Nos., only
 7. Visiting of Dam gallery is strictly prohibited.
 8. **Here afterwards you are advised to plan your dam visit well in advance and seek permission at least 10 days before your dam visit from dam authorities to avoid inconvenience.**
- Contact: Gangadhar, Assistant Executive Engineer

Report on industrial visit to N. S. R. Srisailam project

The department of Civil engineering of Dr. Samuel George Institute of engineering & Technology Markapur, have organized industrial visit for III and IV year civil engineering Student on 13/08/2018 with total of 102 students. The team along with the staff and students left to the industrial visit Srisailam Project at 10:30am in the morning and reached the dam in the afternoon. After taking a lunch the students along with the staff reached the dam site and took appropriate permission from inspector SPF unit Srisailam Project. Sri.Gangadhar, Asst. Executive Engineer have guided the staff and students to the dam site and explained the dam construction how the crust gate will work and explained about dam gallery and imported practical knowledge to the vesting students. The dam official allowed 40 students as group to visit the dam as per the instruction. This visit helped the students to see the real dam and gave the exposure to the construction of dam and its operation.

Outcome:

- The student have gained good knowledge on dam and its construction and how the hydroelectric power is being generated using this dam.
- They gained exposure on Crust gate, Galleries, Reservoirs, irrigation and water resource engineering they gained practical knowledge on.

REPORT OF INDUSTRIAL VISIT

APTRANSCO 220KV SS Designed to Step Down the Voltage from 220KV to 132KV and transmit the 132KV to various Primary Distributed Substations. It consists of two 220KV/132KV Transformers made By BHEL. And also consists Circuit Breakers, Relays, Current Transformers, Potential Transformers, Line Traps, Lightning Arrestors with various suitable ratings, for operation and control of Power transfer to Primary Distributed Substations, students gain the practical knowledge from above Electrical Equipments with the help of Sub Engineer Explanation. Also students observes and note down the readings of Current, Voltage Power, Frequency from panel Boards.

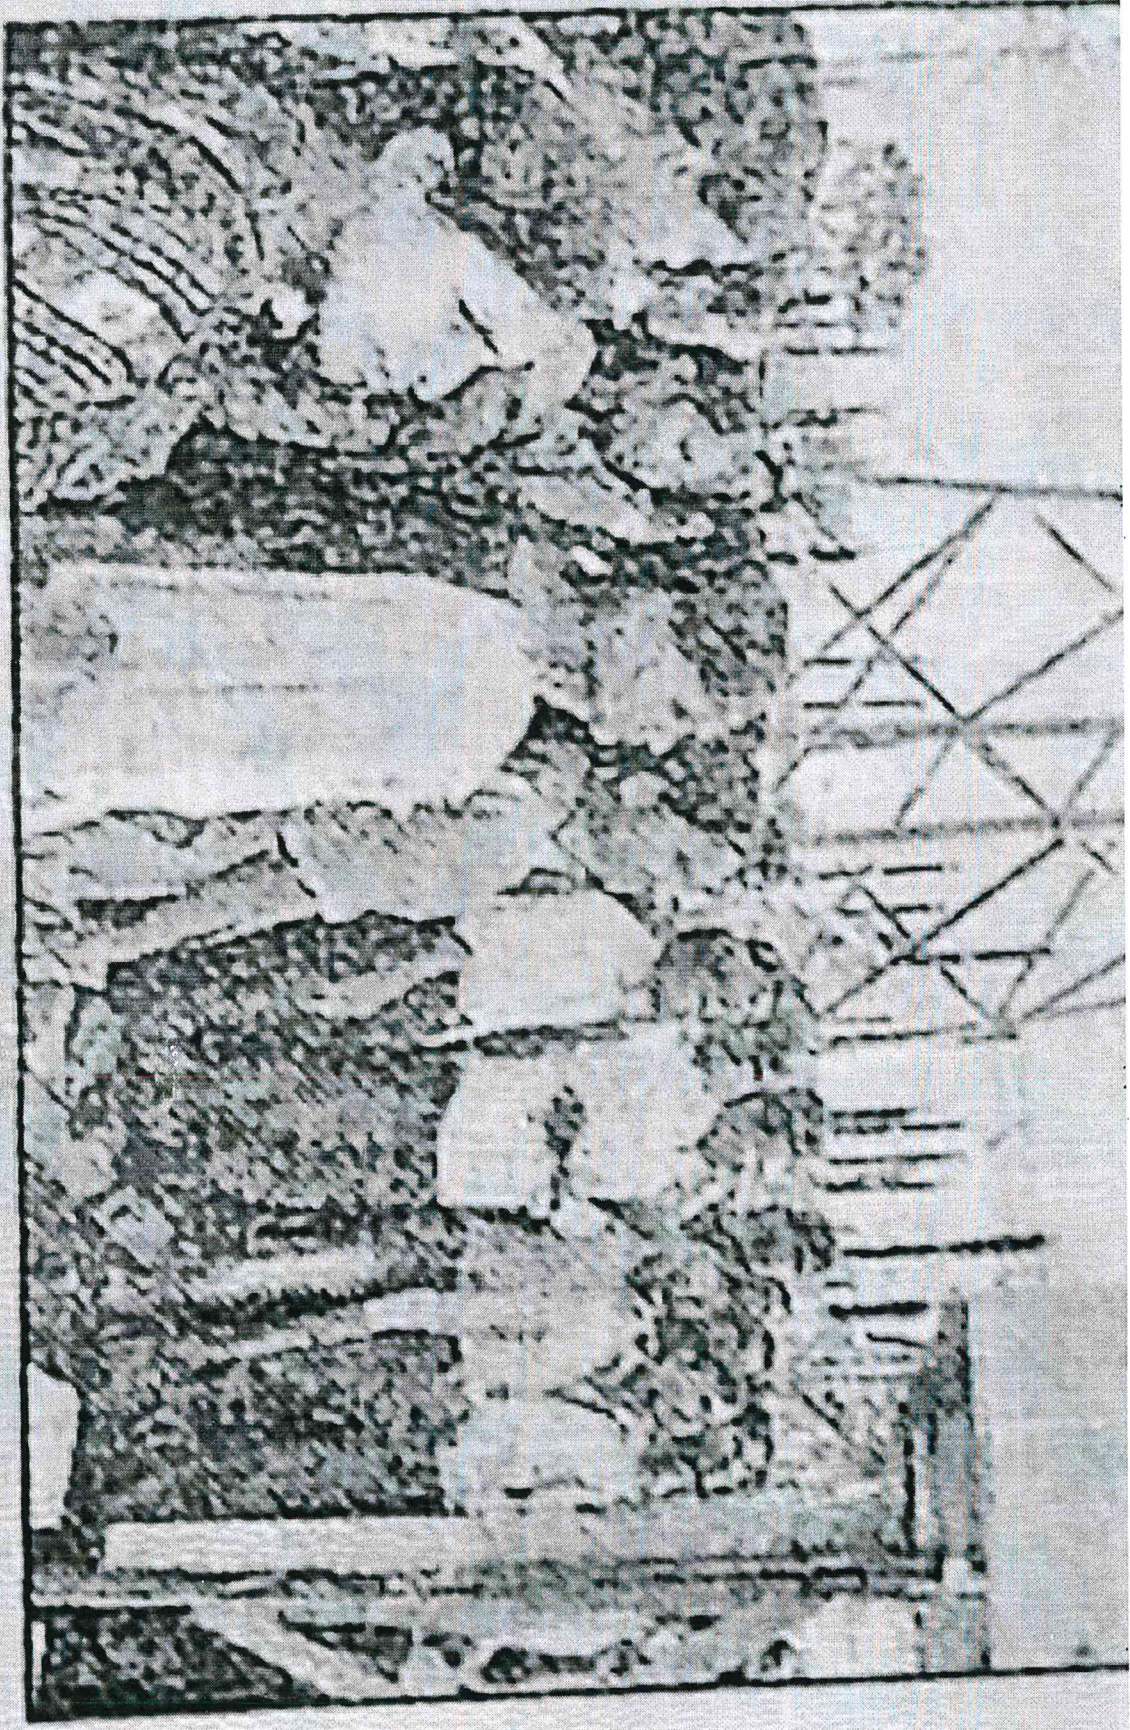

OUT COME: Students gain the Practical knowledge about how the Circuit Breakers, Relays, are operate under Fault Conditions, Transformers Cooling etc.'
