6.3.3 Percentage of Teaching and Non-teaching Staff participating in Faculty Development Programmes (FDP) Professional Development / Administrative Training			
Academic Year 2019-20			
Teaching Staff			
S.No	Name of the participant	Title of the FDP /MDP/ professional development / administrative training program	Dates (from-to) (DD-MM-YYYY)
1	R.RAMA KRISHNA RAO	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
2	K.RAJANI	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
3	B.ABDUL RAFFI	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
4	S.KARTHIK	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
5	M.DINESH KUMAR	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
6	A.ANIL KUMAR	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
7	DR. A.ASHOK REDDY	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
8	M.ANIL KUMAR	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
9	K.KODAL RAO	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
10	G.ANIL KUMAR	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
11	E.V.SRAVANI	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
12	I.PRASANA RAJYALAKSHMI	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
13	Y.SREENADU	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
14	N.BHARGAV KUMAR	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
15	M.SIVA RAMI REDDY	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
16	SK.NAYAB RASOOL	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019
17	K.SAI BABU	A One Week FDP on Innovative Contactless Investigation Techniques In Civil Engineering	07-10-2019 to 12-10-2019

CIRCULAR

DEPARTMENT OF CIVIL ENGINEERING

A One Week FDP on “Innovative Contactless Investigation Techniques In Civil Engineering”

All the teaching Faculty of **Civil Engineering** are here by informed to attend the **one** week Faculty Development program on “**Innovative Contactless Investigation Techniques In Civil Engineering**” from **07-10-2019 to 12-10-2019** by **Dr.D.Sathish Chandra, Assoc.Prof, VFSTR University, Vadlamudi** and **S.Poornima, Asst.prof, Dr.SGIET, Markapur**. They will deliver the valuable information on respective program. All the Faculty must participate and make your career enlightened.

ABOUT THE COLLEGE

Dr.Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of “Discipline, Hard Work and Value of Time” and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental.blocks.,Dr.B.R.Ambedkar,Sir.C.V.Raman ,Sir.Visweswarayya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UGprograms in Civil Engineering.The UG-CIVIL intake 60.. The Department of CIVIL established state-of-the-art labs viz., Geo-technological.Engineering,Surveying, Environmental Engineering, Concrete Technology ,CAD/CAM Lab and to suit the needs of the Students and the Faculty.A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

About the FDP

With the upsurge in the innovative technologies, new investigative methods are implemented in the field of civil engineering. Innovative methods such as contactless measurements using geophysical techniques or image analysis are encouraged due to their advantages over the conventional exploration methods. These methods proved to be more economical, time saving and less laborious. These methods increase the precision in the measurements in the field investigation by minimal human interaction. In the advent of various computational algorithm like Machine Learning (ML), Artificial Intelligence (AI) and Internet of Things (IOT) can expertise the exploration methods.

REGISTRATION DETAILS

- **Registration fee** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the Certification program before two days by using Registration form.
- Participants will get the Participation Certificate after completion of program.

DEPARTMENT OF CIVIL ENGINEERING

A ONE WEEK FACULTY DEVELOPMENT PROGRAM

ON

"INNOVATIVE CONTACTLESS INVESTIGATION TECHNIQUES IN CIVIL ENGINEERING"

VENUE: C V RAMAN BHAVAN SEMINAR HALL

Date: 14-10-2019

Description:

The Program designed for teaching staff of various colleges including Dr.SGIT, Markapur in the part of Academics titled **"Innovative Contactless Investigation Techniques In Civil Engineering"** from 07-10-2019 to 12-10-2019 by Dr. D. Sathish Chandra, Assoc. prof, VFSTR University, Vadlamudi and S.Poornima, Asst. prof, Dr.SGIET, Markapur, acted as a Resource person for this FDP. Faculty have learnt in detail about future needs in different research areas and required parameters to consider while the different university syllabi at innovative teaching methods.

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meet the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of ICCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also has 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state-of-art equipment. It has monumental blocks – Dr. B.R. Ambedkar, Sir. C.V. Raman, Sir. Visweswaraya, Dr. APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Electrical & Electronics Engineering.

The UG-EEE intake is 60 and PG-24, DEEE intake is 60. The Department of EEE established state-of-the-art labs viz.,

Electrical Devices and power systems and electrical circuit's missionaries available in the college.

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meet the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also has 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks, Dr. B.R. Ambedkar, Sir. C.V. Raman, Sir. Visweswarayya, Dr. APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Electronics & Communications Engineering, Digital Electronics & Communications Systems

The UG-ECE intake is 120 and PG-DECS intake is 36. The Department of ECE established

Electronic Devices and Circuits, Pulse and Digital Circuits, Analog and Digital Communications, Microprocessors and Controllers, Microwave Engineering, VLSI and Digital Signal Processing etc. to suit the needs of the Students and the Faculty. The eLabs are provided with Licensed Software's like MATLAB, CCStudio, Multisim, XILLINX, Mentor Graphics, etc..

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new

About the FDP

Computer Vision tries to do what a human brain does with the retinal data that means understanding the scene based on image data. That mainly involves segmentation, recognition and reconstruction (3D) and these works together to give us the scene understanding. Computer Vision employs image Processing and Machine learning as well as some of the other mathematical methods to do the mentioned tasks. However, Image processing, is mainly focused on processing raw images without giving any knowledge feedback on them. For example if you want to do a semantic image segmentation (A computer vision task) you might apply some filtering on the image during the process (an image processing task) or try to recognize the objects in the scene(a machine learning task). This FDP aims at providing strong theoretical background along with practical experience in the field of CV&IP and how the visualization and analysis of the images could be efficiently done with the help of image processing tools. In the growing and emerging era of "Digital India" initiative, the use of digital image processing becomes pertinent in the Image Processing area since several applications of the images determine and contribute towards socio-economic status of the regions and the country as whole.

REGISTRATION DETAILS

- The **Registration fee 250-** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the FDP before two days by using Registration form.
- Participants will get the Participation Certificate after completion of program.

Summary Report

Department of Electronics and Communication Engineering

A One Week FDP on “Computer Vision and Image Processing-Industrial Scope”

Description:

A One week Faculty Development Program me was organized by Department of ECE on “COMPUTER VISION AND IMAGE PROCESSING-INDUSTRIAL SCOPE” From 09-12-2019 TO 14-12-2019 by Dr. S.Siva Reddy, Principal of LITAM, Guntur and Mr.K.Maruthi Rao, Assistant Professor,Dr.SGIT,Markapur acted as a Resources persons for this FDP. We are proud to announce that the FDP experienced a good response from faculty and aspiring researchers from various engineering colleges.

About the FDP

The fifth generation (5G) wireless connectivity is expected to offer high speed, enriched capacity, lower latency, ultra-high reliability and the ability to connect massive number of connections, namely, Internet of Things (IoT), Machine to Machine (M2M) and Device to Device (D2D) devices. In addition to offering faster speeds and other consumer benefits, 5G is seen as crucial to advanced technologies like vehicle type applications, IoT and virtual reality and augmented reality that demand high speed and bandwidth. In addition, the industry has made plans for next generation of technology, sixth generation (6G) at frequencies from 100 GHz to 1 THz and offer speeds up to 100 Gbps with very low latency. According to the researchers, 5G/6G devices will be able to handle hundreds or even thousands of simultaneous connections that should offer more capacity with lower power requirements..

REGISTRATION DETAILS

- The **Registration fee 250/-** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the FDP before two days by using Registration form.
- Participants will get the Participation Certificate after completion of program.

Summary Report

Department of Electronics and Communication Engineering

A One Week “Recent Trends in Wireless Communication”

Venue: ECE Seminar hall

Description:

A One week Faculty Development Program me was organized by Department of ECE on “RECENT TRENDS IN WIRELESS COMMUNICATION” From 02-03-2020 TO 07-03-2020 by Dr. B.Poornaiah, Professor LBRCE, Mylavaram and Mr.SK.Mastan Vali, Assistant Professor, Dr.SGIT, Markapur acted as a Resources persons for this FDP. We are proud to announce that the FDP experienced a good response from faculty and aspiring researchers from various engineering colleges.

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meet the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also has 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks – Dr. B.R. Ambedkar, Sir. C.V. Raman Sir. Visweswaraya, Dr. APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Computer Science and Engineering.

The UG-CSE intake is 120 and PG-CSE intake is 36. The Department of CSE established state-of-the-art labs viz., PPSUC lab, Python Programming lab, C++ Lab, Java programming lab, Data Structures lab, Compiler Design Lab, UML lab, Artificial Intelligence lab and to suit the needs of the Students and the Faculty. The Labs are provided

The department is involved in major Research on which Faculty Members and Students work on several areas such as Networks, Database, Multimedia, Image Processing, Software Engineering, Data Mining, Big Data, Machine Learning and Internet of Things.

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

Engineering & Technology,**

Affiliated to JNTUK,
Markapur- 523 320

TARGET AREAS

- Basics of AI, ML and DL, Supervised and unsupervised Algorithms.
- Working with data preprocessing and data visualization using python.
- Supervised learning like regression, Unsupervised Machine learning algorithms like SVM, KNN etc.
- Deep learning techniques like single and multilayer perceptron, LSTM.
- Introduction to AI, machine learning tools and techniques, Simple and multiple linear regression.
- Neural networks and multilayer perceptron, Back propagation CNN applications.

REGISTRATION DETAILS

- There is **250/- Registration fee** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the Certification program before two days by using Registration form.
- Participant will get the Participation Certificate after completion of program.

ABOUT THE COLLEGE

Dr.Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks – Dr.B.R.Ambedkar,Sir.C.V.Raman,Sir.Visweswarayya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Computer Science and Engineering.

The UG-CSE intake is 120 and PG-CSE intake is 36. The Department of CSE established state-of-the-art labs viz., PPSUC lab, Python Programming lab, C++ Lab, Java programming lab, Data

Structures lab, Compiler Design Lab, UML lab, Artificial Intelligence lab and to suit the needs of the Students and the Faculty. The Labs are provided with Licensed Software's.

The Department is involved in major Research on Which Faculty Members and Students work on several areas such as Networks, Database, Multimedia, Image Processing, Software Engineering, Data Mining, Big Data, Machine Learning and Internet of Things.

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

Dr. Samuel George Institute of Engineering & Technology, Markapur-523 316, Prakasam Dist

TARGET AREAS

- Python programming: Introduction
- Mutable and Immutable
- Introduction to basic (native) data structure
- Difference between list and array
- Analytics around / using Python
- Numpy / Pandas / Scipy / Matplotlib
- Vector and array manipulation
- Plotting, functions, input and output
- Hands on session using Python
- Machine Learning: Introduction
- Supervised Vs Unsupervised Learning,
- Linear Regression,
- Decision Trees, KNN Multilayer Neural Network, Back propagation
- Bayesian Networks, SVM
- Clustering :K Means
- Python API's for implementing Machine Learning Algorithms
- Case Studies using Python

REGISTRATION DETAILS

- There is 250/- **Registration fee** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the Certification program before two days by using Registration form.

- Participants will get the Participation Certificate after completion of program.

SUMMARY REPORT

Date:24-10-2019

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
A ONE WEEK FACULTY DEVELOPMENT PROGRAM
ON

Machine Learning with Python (Hands-on)

VENUE: VISWESWARAIAH BHAVAN- SEMINAR HALL

Description :

The Program designed for teaching staff of various colleges including Dr.SGIET,Markapur in the part of Academics titled from **14-10-2019 to 19-10-2019**. **Dr D.Khasim Vali**, Professor at Vellore Institute of Technology(VIT-AP),Amaravathi and **G Anantha rao**,Associate Professor at Dr SGIET , acted as a Resource persons for this FDP. Faculty have learnt in detail about future needs in different research areas and required parameters to consider while the different university syllabi at innovative teaching methods.
