6.3.3 Percentage of Teaching and Non-teaching Staff participating in Faculty Development Programmes (FDP) Professional Development / Administrative Training

Academic Year 2018-19

Teaching Staff

S.No	Name of the participant	Title of the FDP /MDP/ professional development / administrative training program	Dates (from-to) (DD-MM-YYYY)
1	DR. Y .ESWARA RAO	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
2	S.SURESH BABU	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
3	D.LAKSHMI NARAYANA	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
4	K.BHANU KIRAN	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
5	J.PADMA LEELA	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
6	K.KONDALA RAO	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
7	A.SIVA NAGA RAJU	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
8	M.PRAVEEN KUMAR	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
9	P.OMKARAIHAH	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
10	A.ANIL KUMAR	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
11	K.SAI BABU	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
12	DR. A.V. BHASKARA RAO	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
13	K.V.N.MALLIKARJUNA RAO	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
14	S.SAMPATH KUMAR	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
15	L.V.NAGA RAJU	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
16	S.PADMA PRIYANKA	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
17	V.RATNAKAR	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018
18	N.GANESH	A One Week FDP on Sustainability Technologies for waste to Energy	20-08-2018 to 25-08-2018

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks., Dr. B.R. Ambedkar, Sir. C.V. Raman, Sir. Visweswarayya, Dr. APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG programs in Civil Engineering. The UG-CIVIL intake 60. The Department of CIVIL established state-of-the-art labs viz., Geo-technological, Engineering, Surveying, Environmental Engineering, Concrete Technology, CAD/CAM Lab and to suit the needs of the Students and the Faculty. A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

About FDP:-

The advancement in waste to energy (WTE) technologies in India economically provides an optimal solution for the restoration of power and heat and helps in fighting the rising energy demand. These technologies decrease waste volumes, environmental influence, threats to public health and dependence on fossil fuels for power production. As of 2018, more than 62 million metric ton (MTs) of waste is produced yearly in India and the same is expected to increase to 165 million MTs by 2031 and 436 million MTs by 2050 respectively. The land required for the dumping of the 62 million MTs of untreated waste is around 1,240 hectares per year, and the requirement is expected to expand to 66,000 hectares of landfill per year for the projected wastes in the years to come and besides the country also requires a task force to treat these wastes by utilizing proper technologies. India has an estimated potential of WTE of about 2.554 GW from municipal solid waste (MSW) and about 1.683 GW from urban and industrial wastes.

REGISTRATION DETAILS

- **Registration fee 250/-** for the Program.
- Registration for the Program can be done using the **registration form**.

PROGRAM SCHEDULE

Department of Civil Engineering

A One week FDP On “Sustainability Technologies For Waste To Energy”

Resource Persons: K. Kiran Kumar & SK. Nayeem

20-08-2018	It creates the self-production and distributed generation regimes from WTE plants.
21-08-2018	Establishes the possibility of contractual cooperation between the State and the municipalities.
22-08-2018	It proposes targets for the reduction of bio-waste in landfills.
23-08-2018	It exempts from manufacture tax (IPI) for the acquisition of machinery, equipment, appliances and instruments intended for WTE.
24-08-2018	Pursuing sustainable development is a must today and the inclusion of WTE plants in the circular economy is the only way to ensure effective
25-08-2018	Use of huge areas near or within the cities.

About the FDP

This FDP will help to disseminate the knowledge in the domain of Civil Engineering in general and role of computer technology with respect to construction techniques in particular. Civil engineers have one of the world's most important jobs; they build our quality of life with creativity and technical skill. The civil engineers plan, design, construct, and operate the facilities essential to modern life, ranging from factories, bridges and highway systems to water treatment plants and energy efficient buildings. The Civil engineers meet the challenges of pollution, traffic congestion, drinking water, and energy needs for present and future generation. The program aims at discussing recent applications of computer in the field of civil engineering, addresses the role of application in transferring information, organizing discussion sessions, conferencing and providing technical advice online.

REGISTRATION DETAILS

Registration fee 250/- for the Program.

Registration for the Program can be done using the **registration form**.

PROGRAM SCHEDULE

Department of Civil Engineering

A One week FDP On” Challenges and Innovations In Civil Engineering”

Resource Persons: Dr.D.Srinivas & M.Moshe Raju

01-10-2018	To ensure their safety & security of workers and only use advanced machinery.
02-10-2018	Newly designed construction of buildings
03-10-2018	Low budget buildings are designed.
04-10-2018	It takes massive team to make the building plan on paper a physical reality.
05-10-2018	Civil engineers have to tackle and find solutions to numerous challenges on a daily basis.
06-10-2018	Less time of duration to make buildings.

DEPARTMENT OF CIVIL ENGINEERING
A ONE WEEK FACULTY DEVELOPMENT PROGRAM
ON
“Challenges and Innovations In Civil Engineering”

VENUE: C V RAMAN BHAVAN SEMINAR HALL

Date: 08-10-2018

Description:

The Program designed for teaching staff of various colleges including Dr. SGIT, Markapur in the part of Academics titled “Challenges and Innovations In Civil Engineering ”from 01-10-2018 to 06-10-2018 by Dr.D.Srinivas , Assoc. prof, Pace College of Engineering, Ongole and M. Moshe Raju, Asst. prof, Dr.SGIET , Markapur, acted as a Resource person for this FDP. Faculty have learnt in detail about future needs in different research areas and required parameters to consider while the different university syllabi at innovative teaching methods.

ABOUT THE COLLEGE

Dr.Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks.,Dr.B.R.Ambedkar,Sir.C.V.Raman ,Sir.Visweswarayya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG programs in Civil Engineering.The UG-CIVIL intake 60.. The Department of CIVIL established state-of-the-art labs viz., Geo-technological.Engineering,Surveying, Environmental Engineering, Concrete Technology ,CAD/CAM Lab and to suit the needs of the Students and the Faculty. A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

Markapur – 523 320.

About the FDP

In Civil Engineering, vast improvement has been achieved through the production of materials with new purposes or by refining the performance of existing ones, economic importance is gradually on the rise. In architecture and the construction industry it has possibilities that are already usable today, Such possibility can already be seen today through many current applications related for instance to surface coatings, self-cleaning capacity, and fire resistance, and others. Nanotechnology is an extremely wide-ranging term. Most commonly nanotechnology is defined as economic importance is gradually on the rise. In architecture and the construction industry it has possibilities.

REGISTRATION DETAILS

- **Registration fee 250/-** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the Certification program before two days by using Registration form.
- Participants will get the Participation Certificate after completion of program.

PROGRAM SCHEDULE

Department of Civil Engineering

A One week FDP on “Sustainability Issues and Nanotechnologies In Construction Industry”

Resource Persons: Dr. M. Ruben & B. Abdul Raffi

28-01-2019	Nanoparticles by TiO_2 coated designed particles .
29-01-2019	Nanoparticles valued for high surface area and low density.
30-01-2019	Busy roads generate up to 9 kg of road particles per days some nanoparticles.
31-01-2019	Nanoparticles listed as “Enabling Technology” in the EU .
01-02-2019	The 97% Of watershed sediment tested in Japan, France and USA contained NPs.
02-02-2019	Nanotechnology consumer products inventory lists 1814 consumer products containing nanomaterials.

PROGRAM REPORT

Name of the Program : "Recent Innovation In Electrical Engineering"
Schedule of program : From :14/05/2018 to 19/05/2018.
Venue : Seminar Hall
Organized by : Dept of EEE
Faculty : Mr. K.Prakash
Designation : Associate Professor
Number of Participants : 15

Objectives of this Course are:

- Solar Electric Vehicles and Hybrid Vehicles.
- Smart Technology.
- Solar Battery Storage Pump.
- Real automotive sensors: inductive rpmsensor,
- Heat Exanger.

Learning Outcomes:
Selecting of Motors.
Battery Design.

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of ICCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks – Dr. B.R. Ambedkar, Sir. C.V. Raman, Sir. Visweswaraya, Dr. APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Electrical & Electronics Engineering.

The UG-EEE intake is 60 and PG-24, DEEE intake is 60. The Department of EEE established state-of-the-art labs viz.,

Electrical Devices and power system and electrical circuit's missionaries available in the college.

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

Summary Report

Description :

The Program designed for teaching staff of various colleges including Dr.SGIT, Markapur in the part of Academics titled "ADVANCES IN ENERGY CONVERSION TECHNOLOGIES" from 18-06-2018 to 23-06-2018. by Dr.V. KRISHNA REDDY ,Principal and Professor at Krishna Chaitanya Institute Of Technology And Sciences Markapur and Mr.M.MASTANAIAH Associate professor and HOD at Dr Samuel George Institute of Engineering and Technology, Markapur acted as a Resource persons for this FDP. Faculty have learnt in detail about future needs in different research areas and required parameters to consider while the different university syllabi at innovative teaching methods.

DEPARTMENT OF MECHANICAL ENGINEERING

A One week FDP on 'Additive Manufacturing: The Research Scopes and Future Trends'

All the Faculty are hereby informed to attend the one week Faculty Development program on "ADDITIVE MANUFACTURING: THE RESEARCH SCOPES AND FUTURE TRENDS" and the program scheduled from 15-10-2018 to 19-10-2018 by Dr. S.L.V. PRASAD, professor at GATES Institute of Technology Gooty Ananthapur and Mr. D.MURALIDHAR YADAV Associate professor at Dr. Samuel George Institute Of Engineering and Technology, Markapur. They will deliver the valuable information on Respective program. All the Faculty must participate and make your career enlighten.

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meet the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of ICCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of Discipline, Hard Work and Value of Time and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also has 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state-of-art equipment. It has monumental blocks – Dr.B.R.Ambedkar, Sir.C.V.Raman, Sir. Visweswaraya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Mechanical Engineering and Thermal Engineering.

The UG-MECH intake is 60 and PG-Thermal Engineering intake is 24. The Department of MECH established state-of-the-art labs viz.,

Fluid Mechanics and Hydraulics Machines Metrology Thermal Engineering, Machine tools, CAD lab, Metallurgy lab, Heat Transfer, Fuels lab etc. to suit the needs of the Students and the Faculty. The Labs are provided with Licensed Software's like CAD-CAM, Catia, Ansys etc..

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

TARGET AREAS

- Additive manufacturing/3D printing.
- Advanced materials.
- Artificial intelligence.
- Automation and robotics.
- Digital manufacturing.
- Manufacturing monitoring prognosis and diagnostics.
- Manufacturing processes.
- Mechanical design.

REGISTRATION DETAILS

- There is 250/- Registration fee for the Program.
- Registration for the Program can be done using the **registration form**.
- All the faculty are requested to requester the certification program before two days by using registration form
- Participants will get the Participation Certificate after completion of program.

ABOUT THE COLLEGE

Dr. Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks., Dr. B.R. Ambedkar, Sir. C.V. Raman, Sir. Visweswarayya, Dr. APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Electronics & Communications Engineering, Digital Electronics & Communications Systems

The UG-ECE intake is 120 and PG-DECS intake is 36. The Department of ECE established

Electronic Devices and Circuits, Pulse and Digital Circuits, Analog and Digital Communications, Microprocessors and Controllers, Microwave Engineering, VLSI and Digital Signal Processing etc. to suit the needs of the Students and the Faculty. The eLabs are provided with Licensed Software's like MATLAB, CCStudio, Multisim, XILLINX, Mentor Graphics, etc..

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new

About the FDP

The program intends to present the methodology for the design and development of the components at Microwave and Millimeter Wave Frequencies. It attempts to provide a timely update on latest trends, technologies and tools in RF and Microwave domain. The curriculum will present the techniques for design, modelling and fabrication of different types of basic antennas. It aims to provide a platform to the participant to grab knowledge in the field of Applied Electro magnetics in various applications and about the emerging technology of Microwave integrated circuits. The program will include the various aspects of micro strip antennas and the state of the art developments that have taken place in the recent time. It opens up opportunity to highlight the design consideration and application of the reconfigurable antennas in the realm of wireless communication. The course will address the issues like EMI/EMC and the measurement of the radiated electromagnetic field quantities to ensure the satisfactory performances of the electrical or electronic equipment's in Electromagnetic Environment.

REGISTRATION DETAILS

- The Registration fee **250/-** for the Program.
- Registration for the Program can be done using the registration form.
- All the Faculty are requested to register FDP before two days by using Registration form.
- Participants will get the Participation Certificate after completion of program.

REGISTRATION FORM

PROGRAM SCHEDULE

Department of Electronics and Communication Engineering

A One Week FDP on “Recent Trends in Microwave and Antenna Technology”

16.07.2018	Microwave devices and circuits, Metamaterials
17.07.2018	Millimeter wave and sub millimeter-wave technologies
18.07.2018	Smart Antenna and MIMO antenna
19.07.2018	Antenna arrays, reconfigurable antennas
20.07.2018	Radar, imaging, sensing and localisation
21.07.2018	EMI/EMC

ABOUT THE COLLEGE

Dr.Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks.,Dr.B.R.Ambedkar,Sir.C.V.Raman ,Sir.Visweswarayya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

TheDepartment currently runs UG & PG programs Electronics& Communications Engineering. Digital Electronics& Communications Systems

The UG-ECE intake is 120 and PG-DECS Eintage is 36.TheDepartment of ECE established

Electronic Devices and Circuits, Pulse and Digital Circuits, Analog and Digital Communications,Microprocessors and Controllers, Microwave Engineering,VLSI and Digital Signal Processing etc. to suit the needs of the Students and the Faculty. Th eLabs are provided with Licensed Software's like MATLAB, CCStudio,Multisim, XILLINX, Mentor Graphics,etc..

About the FDP

Technology plays a major role in day activities. To drive a huge attention of consumer, companies are relying on advance algorithms to make things easier. Machine learning is the major technology in recent scenario. The advancements in Machine Learning create an exemplary rise in technological industry. The Machine Learning goes ahead in developing a more intelligent computer system that adapts, evolves and learns. This has tremendous application in industry, defense, healthcare, agriculture and many other areas. This FDP will be a platform in gaining knowledge in Machine Learning applications in Electronics and communication engineering field

REGISTRATION DETAILS

- The **Registration fee 250/-** for the Program.
- Registration for the Program can be done using the **registration form**.
- All the Faculty are requested to register the FDP before two days by using Registration form.
- Participants will get the Participation Certificate after completion of program.

ABOUT THE COLLEGE

Dr.Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks – Dr.B.R.Ambedkar, Sir.C.V.Raman, Sir.Visweswarayya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Computer Science and Engineering.

. The UG-CSE intake is 120 and PG-CSE intake is 36. The Department of CSE established state-of-the-art labs viz., PPSUC lab, Python Programming lab, C++ Lab, Java programming lab,

Data Structures lab, Compiler Design Lab, UML lab, Artificial Intelligence lab and to suit the needs of the Students and the Faculty. The Labs are provided with Licensed Software's.

The Department is involved in major Research on Which Faculty Members and Students work on several areas such as Networks, Database, Multimedia, Image Processing, Software Engineering, Data Mining, Big Data, Machine Learning and Internet of Things.

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.

SUMMARY REPORT

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
A ONE WEEK FACULTY DEVELOPMENT PROGRAM
ON

DATA MINING AND DATA ANALYSIS

VENUE: VISWESWARAIAH BHAVAN- SEMINAR HALL

Description:

The Program designed for teaching staff of various colleges including Dr.SGIET, Markapur in the part of Academics titled "DATA MINING AND DATA ANALYSIS" from 09-07-2018 to 14-07-2018 by "S.Jalaiah", Associate Professor at St Mary's College of Engineering and Technology, Hyderabad & "K.Rajesh" Assistant Professor at Dr SGIET, acted as a Resource persons for this FDP. Faculty have learnt in detail about future needs in different research areas and required parameters to consider while the different university syllabi at innovative teaching methods.

ABOUT THE COLLEGE

Dr.Samuel George Institute of Engineering & Technology was established in 1997 at Markapur to sharpen, shape and meets the global trends by imparting the values, ethics and true culture in technical education. It is the first Engineering College in Prakasam District under the aegis of NCCSAI. The college is approved by AICTE, New Delhi and affiliated to JNTUK, Kakinada. The college was started with a Vision & Motto of "Discipline, Hard Work and Value of Time" and imparts quality technical education to the rural areas to produce quality engineers with outstanding technical skills.

The college campus is sprawling in 54 Acres of land with a serene surrounding at Markapur town. The institute has JKC star status and Infosys campus connect programs. The institute also have 100 Mbps Internet (Airtel) leased line. The institute has well ratified and dedicated faculty to give quality education. The institute also has all the infrastructural facilities and laboratories with state of art equipment. It has monumental blocks – Dr.B.R.Ambedkar,Sir.C.V.Raman,Sir.Visweswarayya, Dr.APJ Abdul Kalam and Radha Krishnan.

ABOUT THE DEPARTMENT

The Department currently runs UG & PG programs Computer Science and Engineering.

. The UG-CSE intake is 120 and PG-CSE intake is 36. The Department of CSE established state-of-the-art labs viz., PPSUC lab, Python Programming lab, C++ Lab, Java programming lab, Data

Structures lab, Compiler Design Lab, UML lab, Artificial Intelligence lab and to suit the needs of the Students and the Faculty. The Labs are provided with Licensed Software's.

The Department is involved in major Research on Which Faculty Members and Students work on several areas such as Networks, Database, Multimedia, Image Processing, Software Engineering, Data Mining, Big Data, Machine Learning and Internet of Things.

A large number of activities are conducted regularly under these student forums. Guest lectures, Workshops, Hands on Sessions on latest tools are regularly held to help students to acquire new knowledge, deeper and clear understanding of major concepts and build the ability to apply in the relevant fields.
